PROFESSIONAL SUMMARY

Cybersecurity and Digital Forensics undergraduate with hands-on experience in full-stack web development, secure application design, and cloud technologies. Proficient in Python, JavaScript, React.js, Next.js, REST APIs, and AWS, with a strong foundation in cybersecurity and digital forensics. Passionate about building scalable, secure, and user-centric software solutions.

EDUCATION

VIT Bhopal University

B.Tech., Computer Science & Engineering – Cyber Security and Digital Forensics
CGPA: 7.3

Bhopal, India
Jun 2022 – Jun 2026

EXPERIENCE

Full Stack Developer

Chrysadalus

May 2025 – Aug 2025

- Developed responsive web applications using modern frontend and backend technologies, delivering scalable and user-friendly solutions.
- Built and integrated RESTful APIs, improving communication between frontend interfaces and backend services.
- Collaborated with cross-functional teams to implement new features, optimize application performance, and resolve production issues.

President, Cyber Warrior Club

VIT Bhopal University

Jul 2024 – Jun 2025

- Directed cybersecurity workshops and CTF competitions for 200+ students.
- Mentored 30+ members through a structured onboarding program.
- Managed technical events with 300+ participants and secured sponsorships.

PROJECTS

VoteChain – Blockchain-based Secure Voting Platform

- Built a decentralized voting platform using Solana, Next.js and Phantom Wallet.
- Implemented secure role-based authentication, audit logging and cryptographic integrity.
- Delivered technical documentation and user onboarding.

Cryptography Suite – Multi-Algorithm Encryption & Decryption Tool

- Developed a Python toolkit implementing AES, DES, RSA, Diffie-Hellman, IDEA, HMAC, Rail Fence, Row Transposition and ADFGVX algorithms.
- Designed modular encryption and decryption workflows demonstrating symmetric and asymmetric cryptography.
- Implemented secure communication, authentication and confidentiality concepts through practical cryptographic implementations.

TECHNICAL SKILLS

- **Cybersecurity:** Penetration Testing, Network Security, NIST Framework, Wireshark, Nmap, Metasploit, Burp Suite
- **Languages:** Python, C, C++, Java, JavaScript, PowerShell, Bash
- **Web & Frameworks:** ReactJS, Next.js, Django, Flask, REST APIs, HTML, CSS
- **Databases:** PostgreSQL, MySQL
- **Cloud & DevOps:** AWS (EC2, S3), Docker, GitHub Actions
- **System Design:** REST APIs, Software Architecture, Distributed Systems Fundamentals
- **Certifications:** Cybersecurity Analyst – IBM | MERN Full Stack – Ethnus | ISC2 Certified in Cybersecurity (CC) (In Progress) | CEH (In Progress)
